Bangla

## About Me

A highly motivated Computer Science student with a strong passion for software development, proficient in programming languages like Python and Java, with a proven track record of designing and implementing innovative solutions through personal projects, demonstrating strong analytical and problem-solving skills while collaborating effectively in teams. I am seeking for a creative and challenging position that will allow me to gain experience and to obtain a challenging career.

## PROJECTS

### • AuditFlow

AuditFlow simplifies audit management by scheduling and rescheduling auditor appointments while securely storing employee payroll data. It streamlines the entire audit process, improving efficiency and ensuring compliance.

### • Financed

Financed is a user-friendly personal finance app that tracks income and expenses by syncing with bank accounts and digital wallets. It automatically parses bank statements, giving you a clear view of your financial health and helping you manage your budget with ease.

## SKILLS

- Python
- HTML
- CSS
- Javascript
- Flask
- VueJS
- Django
